**Date:** Oct 19, 2022, **Time:** 13:30-15:30 o'clock

**Place:** Small Symposium Hall, Congress hotel Olšanka, Prague, Czech Republic

**Simultaneous translation CZ-ENG, ENG-CZ**

**Free for congress participants, 25 EUR for participants outside the congress**

## ABSTRACT

Paid services of clinical pharmacists are very important for the development of positions of clinical pharmacists in various settings of care and for the development of clinical pharmacy field. Legislative changes in the Czech Republic helped to create fully paid clinical pharmacy positions in acute care and ambulatory care with promises of achieving similar success also in other settings of care. What legislative and professional steps were needed to create such health care positions? What does daily work of clinical pharmacists require in acute and ambulatory care? This symposium can inspire you how to achieve similar successes through the necessary legislative, administrative and professional steps and what everyday work of clinical pharmacists on fully paid clinical pharmacy positions require.

The plenary discussion of the Symposium will be held with representatives of the Czech clinical pharmacy professional platforms, with representatives of professional societies of nearby countries (Slovak Republic, Poland, Croatia, Serbia), European Directorate for the Quality of Medicines and Healthcare of the European Council and Age Platform Europe.

#### Registration and fees:

- for participants outside the ESCP congress: 25 EUR/person, separate registration and payment needed
- for ESCP congress participants: free of charge, only registration requested and congress batch will be checked at the entrance
