EUROAGEISM Discussion Day on "Inappropriate prescribing in older adults in Europe and developing countries and availability of clinical pharmacy services for older patients in different settings of care"

Affiliated event to the 3rd EuroAgeism Training School, 2021

Friday May 7th, 2021

Program

Friday	May 7th, 2021	10:00-16:00 Affiliated event to the 3rd EuroAgeism TS	Discussion Day on "Inappropriate prescribing in older adults in Europe and developing countries and availability of clinical pharmacy services for older patients in different settings of care" - presentations of collaborators from 7 EU and 2 developing countries on national statistics of population ageing, irrational prescribing in older patients and development of clinical pharmacy services for older patients in different settings of care	Assoc. Prof. Daniela Fialová, Jovana Brkić, MSc. Charles University, Czech Republic ESCP invited representatives collaborators on ESR7 EuroAgeism project, research partners and guests
		10:00-10:10	Welcome for the EUROAGEISM ESR7 H2020 project and its collaborators	Assoc. Prof. Daniela Fialová, Charles University, Czech Republic
		10:10-10:20	Welcome for the ESCP: The European Society of Clinical Pharmacy- its' mission and visions and the role of clinical pharmacists in individualization of pharmacotherapy in older patients in different settings of care	Prof. Derek Stewart, President of the European Society of Clinical Pharmacy (ESCP) Dr. Vibhu Paudyal, Chair of the Research Committee of the ESCP
	CEE presentation	10:20-10:30	Ageing of the population in Central and Eastern Europe, selected results from EU multicentric geriatric projects on inappropriate prescribing in older adults and collaborative effort on the ESR7 EuroAgeism H2020 project	Assoc. Prof. Daniela Fialová et al., Charles University, Czech Republic
	CEE presentation	10:30-10:40	Systematic literature review on inappropriate prescribing in older adults in different settings of care with a special focus on CEE countries Preliminary results on PIM prescribing in CEE countries and developing countries from ESR7 EuroAgeism H2020 project	Jovana Brkić MSc. et al., Charles University, Czech Republic
	Czech Republic	10:40-10:50	Analyses of drug-drug interactions in Czech nursing homes (SHELTER project) and CVS drug- disease interactions in Czech ambulatory and acute care in the EuroAgeism project	Ingrid Kummer PharmD et al., Charles University, Czech Republic
		10:50-10:55	Discussion	
	Croatia	10:55-11:05	Ageing of the population in Croatia, results of national studies on inappropriate prescribing in older adults and current situation in the availability of clinical pharmacy services in different settings of care	Assoc. Prof. Maja Hadžiabdić et al., University of Zagreb, Croatia
	Croatia	11:05-11:15	Analyses of drug burden index in community-residing older adults: study using Croatian data of the EuroAgeism H2020 project	Margita Držaić, PharmD et al., University of Zagreb, Croatia
		11:15-11:20	Discussion	
	Serbia	11:20-11:30	Ageing of the population in Serbia, results of national studies on inappropriate medication use in Serbian older adults and current situation in the availability of clinical pharmacy services	Assoc. Prof. Ivana Tadić et al., University of Belgrade, Serbia
	Serbia	11:30-11:40	Subjectively assessed medication non-adherence in older adults in Serbia: findings from the ESR7 EuroAgeism H2020 project	Sofija Šesto, PharmD. et al., University of Belgrade, Serbia
		11:40-11:45	Discussion	
	Bulgaria	11:45-11:55	Ageing of the population in Bulgaria, results of previous national studies on inappropriate geriatric prescribing and current situation in the availability of clinical pharmacy services	Prof. Guenka Petrova, Assoc. Prof. Maria Kamusheva., Medical University of Sofia, Bulgaria
	Bulgaria	11:55-12:05	Impact of polypharmacy, drug related problems and potentially inappropriate medications in geriatric patients and its implications for Bulgaria - literature review and meta-analysis	Assoc. Prof. Konstantin Tachkov, MPharm Tzvetan Krstev, Medical University of Sofia, Bulgaria
		12:05-12:10	Discussion	
		12:10-13:00	Lunch Break	
	Estonia	13:00-13:10	Ageing of the population in Estonia, results of national studies on inappropriate geriatric prescribing in Estonia and current situation in the availability of clinical pharmacy services	Assoc. Prof. Daisy Volmer et al., University of Tartu., Estonia
	Estonia	13:10-13:20	Preliminary analyses applying EU-7 PIM tool and EURO-FORTA criteria in geriatric studies in Estonia	Veera Bobrova, PharmD. et al, University of Tartu, Estonia
		13:20-13:25	Discussion	
	Czech Republic	13:25-13:35	Ageing of the population in the Czech Republic, geriatric studies and current situation in the availability of clinical pharmacy services in different settings of care	Assoc. Prof. Daniela Fialová et al., Charles University, Czech Republic
	Czech Republic	13:35-13:45	Comparisons of the rationality of hypnotosedative drug use in Czech acute and ambulatory care seniors: results from the INOMED and the EuroAgeism H2020 project	Olena Antonenko PharmD et al., Charles University, Czech Republic
		13:45-13:50	Discussion	
	Spain	13:50-14:00	Ageing of the population in Spain, selected results of national studies on inappropriate geriatric prescribing and current situation in the availability of clinical pharmacy services	Prof. Pilar Modamio et al. University of Barcelona, Spain
	Spain	14:00-14:10	The rationality of prescribing of benzodiazepines in Spanish and Czech sample of seniors: findings for the INOMED and the EUROAGEISM H2020 project	Anna Lukačičinová, PharmD, Ph.D., Adriana Magátová MSc. et al., Charles University, Czech Republic
		14:10-14:15	Discussion	
	Turkey	14:15-14:25	Ageing of the population in Turkey, selected results of national studies on inappropriate geriatric prescribing and current situation in the availability of clinical pharmacy services	Assoc. Prof. Betül Okuyan et al., Marmara University, Turkey
	Turkey	14:25-14:35	Prevalance of Proton Pump Inhibitors Usage in community-residing older adults: study using Turkish data of the EuroAgeism H2020 project	Öznur Altıparmak, PharmD et al., Marmara University, Turkey
		14:35-14:40	Discussion	
	Belgium	14:40-14:50	Ageing of the population in Belgium, selected results of national studies on inappropriate geriatric prescribing and current situation in the availability of clinical pharmacy services	Prof. Annemie Somers et al., Ghent University, Belgium
	Ireland	14:50-15:00	Ageing of the population in Ireland, selected results of national studies on inappropriate geriatric prescribing and current situation in the availability of clinical pharmacy services	Prof. Cristín Ryan, University of Dublin, Ireland
		15:05-15:10	Discussion	
	Developing countries (India, Ethiopia)	15:10-15:20	Ageing of the population in developing countries (India and Ethiopia), selected results of metaanalyses of studies on inappropriate geriatric prescribing and current situation in the availability of clinical pharmacy services	Akshaya Srikanth Bhagavathula, PharmD., Charles University, Czech Republic and University of Gondar, Ethiopia and Telengana University, South India
	India	15:20-15:30	Knowledge of Indian physicians on PIMs: results from a national survey	Deepak Kumar Bandari, PharmD, Charles University, Czech Republic and Telengana University, South India
	India	15:30-15:40	Pharmacy students' geriatric knowledge: results from a national survey	Bhagya Sri Areman, Charles University, Czech Republic and Telengana University, South India
	India	15:40-15:50	Potentially inappropriate medication use and associated risk factors among older stroke patients using the 2019 American Geriatric Society Beer Criteria and the British Geriatric Society STOPP criteria 2015	Akshaya Srikanth Bhagavathula, PharmD., Charles University, Czech Republic and University of Gondar, Ethiopia and Telengana University, South India
		15:50-15:55	Discussion	
		15:55-16:00	Conclusion. End of the Discussion Day	Assoc. Prof. Daniela Fialová ESCP representatives
