

Internship in a Pharmaceutical Company in Germany

Eurozyto GmbH is an integrated system provider for **outpatient services** in the areas of **parenteral nutrition, oncology** and other **complex infusion therapies**. Together with our sister companies we offer contract manufacturing for patient-individual sterile infusions, innovative medical devices for parenteral nutrition and oncology, specialty products through our strategic wholesaler, logistics management, patient care and health-services research. We work closely with **pharmacies, physicians, homecare-providers** and **nursing services** to ensure and systematically improve outpatient care for chronically and critically ill patients with innovative healthcare products and quality-based care concepts. Improving the quality of life of the patient is at the heart of our strategy.

In partnership with the ERASMUS+ scholarship program we are offering internships (2 – 6 months) in the following areas:

- Production
- Quality control, quality assurance
- Client and order management
- Pharmaceutical project management

If you are interested in joining our team as a trainee please send us your application via E-Mail at karriere@eurozyto.de. After a successful internship we are also open to offer you a permanent job as a pharmacist in our company!
