

Newsletter #3

Meet top science at HPLC 2017 Prague

Dear Colleagues,

We would like to inform you that numerous [invited speakers](#) have already accepted our invitation to present their research at HPLC 2017 Prague. Your participation is a good chance to meet them and to discuss their and your scientific results. You might also be interested in eight [short courses](#) preceding the symposium.

[Well established awards](#) will be presented during the meeting including prestigious Martin Medal, Uwe Neue Award for industrial scientist, Georges Guiochon Faculty Fellowship for young full-time U.S. faculty member, J.F.K. Huber Lecture Award, Csaba Horváth Young Scientist Award and Best Poster Award.

Since **the opening of registration is coming soon (October 31, 2016)** please check [our website](#) and consider your visit to Prague next year:

- You can meet your colleagues including a number of [top scientists](#) to find inspiration for your future research.
 - You can become more familiar [with current trends in separation sciences](#) and follow interesting [plenary lectures](#).
 - We would like to encourage you to participate in the [Best Poster Award](#) or to apply for [Csaba Horváth Young Scientist Award](#).
-

- Local Organizing Committee and numerous other organizations will support the participation of [young scientists](#) by travel grants.
- Please add [key dates](#) to your diary.

We believe that you could find the HPLC 2017 Prague symposium attractive to participate.

Michal Holčapek & František Foret
